

Supporting Pupils with SEND in School Swimming CPD – Learner Information

Thank you for registering to take part in the Swim England supporting pupils with SEND in School CPD.

About the Course

The objectives of this CPD are:

- Identify barriers to participation for pupils with SEND.
- Identify ways to adapt swimming lessons.
- Identify good practice in health and safety.
- Support effective communication methods and resources for pupils with SEND, to help to introduce the main swimming strokes and other aquatic skills.

Your course organiser will contact you with details of the location and times of your course.

Course Preparation

Your course organiser will send you a charter card. This will have brief details of a “pupil.” You will be required to reflect upon this pupil throughout the course. Please read this card before attending the course. Think about what challenges and barriers maybe present which may prevent the “pupil” from enjoying their school swimming lessons or from obtaining the skills and knowledge to perform safe self-rescue in an aquatic emergency.

What you will need for the course

This is a practical course; please wear clothes that you are comfortable in.

Please bring the following:

- Note pad and pen.
- Swimwear, towel and clean footwear suitable for wearing on poolside.
- You may wish to bring shorts and t-shirt to wear over your swimwear.
- A water bottle (it maybe very warm on poolside).
- Lunch.

The Swim England School Swimming Team hope that you enjoy the course and welcome any feedback.

If you have any questions relating to the course please do not hesitate to contact Schoolswimming@swimming.org
